Floral Fence

\$99.00

An exact copy of an 1840.s fence. The bars are solid steel 1/2 inch thick. This wonderful fence is simple in design and goes with old or new architecture.

The real beauty of this fence is the ease with which it installs. The ends of the fence are pre-drilled and a rod with a finial on top simply threads down thru the holes in the fence 2 feet into the ground. No concrete, no hassle and anyone can do it.

Sections are 5 feet long and 36 inches high
